Sealy Wave Collection

2018

Comfort that lasts,
year after year

Memory Foam Mattresses

Available in 4 profiles, our Sealy memory foam mattresses are soft, supportive, and durable. Each version feature 3 distinct comfort layers that create a harmonious sleep system for ultimate relaxation. The accompanying cover is made of a luxurious jacquard knit that provides a velvety sleep surface.

Each mattress is engineered with a top layer of premium, 3 lb. density memory foam for maximum comfort and support, followed by a mid-layer of conventional foam for regulated airflow, and is completed with high density base foam for additional support. As each mattress version increases in profile, each layer is modified/thickened for more comfort and support.
